ABOUT ME

I am an outgoing individual with a strong eagerness to explore and learn new things. As a fast learner, I bring abundant energy and enthusiasm to any team, complemented by excellent interpersonal and leadership skills. I highly value work ethic and have gained experience working in multicultural environments, fostering adaptability and collaboration.

WORK EXPERIENCE

2016 – CURRENT Thambuththegama, Sri Lanka

Information Technology Lecturer

In addition to my roles and experiences, I have also served as a dedicated teacher, providing valuable guidance and education to students ranging from grade 6 to grade 11. This teaching experience has allowed me to effectively engage with students and foster their academic growth and development.

2019 – 2020 Kurunegala, Sri Lanka

Web developer RayMax IT Solution

As a Web Developer at RayMax IT Solution in Kurunegala, Sri Lanka (2019-2020), I actively contributed to the creation of websites using a wide range of technologies, including Java, JavaScript, PHP, CSS, HTML, WordPress, and MySQL.

2021 – CURRENT Thambuththegama, Sri Lanka

Freelance Web Developer

As a freelance web developer, I actively contributed to the creation of websites using a diverse array of technologies such as Java, JavaScript, PHP, CSS, HTML, WordPress, and MySQL. My expertise in these areas allowed me to deliver high-quality websites that met client requirements and showcased my versatility as a developer.

ICTinEnglish.com ICTinEnglish.com is my personal project, a comprehensive online platform that provides valuable information and resources in the field of Information and Communication Technology (ICT). With a user-friendly interface and curated content, the website aims to empower learners and foster technological literacy. Join our community and explore a wealth of knowledge at ICTinEnglish.com.

srigangaramaya.com I developed a website for Sri Gangarama Viharasthan, located at the entrance gate of the historic Anuradhapura Poojabhoomi near Kalaoya Gangabada. This website showcases the temple's rich cultural heritage and spiritual significance. By employing CSS, HTML, and JavaScript, I created an immersive and visually captivating experience. Visitors can explore the temple's history, architecture, artifacts, and upcoming events. Join me on this digital pilgrimage to Sri Gangarama Viharasthan, where the past meets the present in a sacred journey of tranquility and wisdom.
